By Jim Campbell An APK file contains the installation files for each Android game. If you have an APK file on your PC, you can copy the file directly to your Android device and install the game without connecting to the Android Market. This process is beneficial to test your own custom Android game, or to install a game that is sent to sphone by a friend. Connect the Android device to your PC with the USB device. Windows mounts a drive on the Android memory card. Copy the APK file from your computer and paste it to the mounted drive. Tap the Settings icon on your Android device. In the list of options, tap the Applications icon. Select the option labeled Unknown Sources. This option allows you to install APK files that have not been verified or uploaded to the market. Tap OK to save the settings. Tap Applications again and the App Installer application icon. In the application list, tap the name of the APK game. Tap Install to install the APK on your phone. Tired of downloading games just to realize that they suck? Google Play Instant could mean that never again. We talked about Android Instant Apps last year: the feature allows users to try out an app before they are downloaded. A few games will be added this week. Frederic Lardinois, write for TechCrunch: You can now see what playing a level or two of Clash Royale, Final Fantasy XV: A New Empire or Panda Pop is without having to go through the usual installation process. Instead, just go to the Google Play Store, find a game that supports this feature, and press the Try Now button. Finally, Google Play will have a whole section of games that you can play instantly, which will make it easier to find something to play a lot. For now, you can try this feature by tapping the Try Now button for Clash Royal or Final Fantasy XV: A New Empire. How-To Geek is the place where you want to explain technology. Dream League Soccer 2020 is the latest in the DLS franchise. Dream League Soccer is a fantasy football management game that you can play from your Android phone or tablet. They have built up a considerable following over the years and the latest release of Dream League Soccer on January 7, 2020 has brought many new features and updates. Customize your team's name and colors, recruit players, upgrade your stadium, get your team into training, choose your tactics and work your way up the league table to win this important trophy. You can play against the computer or real players. You don't have to be a football fan to enjoy Dream League Soccer 2020The wide lines of the game are appealing, but not necessarily original or new. It is the details that separate games in this genre. Dream League Soccer 2020 has a long list of features. It still has many of the proven features including its FIFPro licensed players, but now with over 3,500 players. If you know anything about football, you will find some of the players like Cristiano Ronald, Gareth Bale, Lionel Sergio Aguerro and more. There are still many divisions (6 in total) and cup competitions (7) that can work their way through. You can still make numerous adjustments to most aspects of your team (the name, the jerseys, the stadium, etc.). Connect with players around the world and send your high scores to Google Google Rankings. The controls are the same. The biggest difference between DLS 2019 and DLS 2020 is the graphics update. Everything feels much more real and the gameplay is smoother. The game has also been kept up to date with the latest footballers and some of the old bugs are a thing of the past. The truth is, not a large amount has changed, but that's not bad and for a one-year update I think it exceeds expectations. Where can you run this program? You can play Dream League Soccer 2020 on any Android device that uses Android 4.0.3 and more. It can also be played on Apple devices such as iPhones and iPads. Apple users need iOS 10.0 or later. If you're using your iPhone, it means you'll need to use the 5S model or later. Is there a better alternative? There is a lot of competition for the top spot of football manager games. Just because of its popularity, the game should be number one PES (Pro Evolution Soccer). There are other popular games of the same ilk including Underworld Football Manager, Soccer Manager, Hatrick and more. From a technical point of view, however, there is not much in it. You couldn't make a best of football manager games without Dream League Soccer. Not everyone loves every aspect of the game. The fact that there are not enough German players or leagues in the 2020 release is disappointing. You are also forced to upgrade your stadium before heading to next season, which will cost a lot of virtual coins. Overall, however, Dream League Soccer 2020 scores very well. Should you download it? If you are looking for a fun game to play on your phone or tablet, then Dream League Soccer 2020 is worth a try. It is free to download so you can't do anything wrong. Even in a popularity contest, Dream League Soccer would have achieved more than 40 million downloads between 2019 and classic versions. Gaming is very popular, and free gaming even more.
